Wednesday, October 10. 1705.

From the Amsterdam Gazette, dated October 13.

Vienna, September 29.

THE Malecontents of Hungary are drawing together most of their Forces to Hattuan and thereabouts upon the Tibiscus. General Oskay, who was with a Body of them on the Frontier of Moravia, is likewise on his March to joyn Prince Ragotski. In the mean time General Herbeville continues to march towards Zolnok: He made a Feinte as if he design'd to strike into the Road of Erla, but turn'd agen to the Right into the Road leading to Zolnok. He has with him, besides his Train of Field-Pieces, 6 twenty four Pounds, 2 thirty six Pounders, and 2 Culverins, with some Mortars, and Store of Ammunition and Provisions: So that we are impatient to hear the Success of this Expedition. 'Tis advis'd from Tirol, that the Counts of Wolkenstein and Spaur having fought a Duel, (on what occasion is not known,) Count Spaur was kill'd. He has left behind him 7 Children; the other has made his Escape.

From the Amsterdam Courant, dated October 13.

Vienna, Sept. 30. Yesterday the Marquis de Prie Envoy extraordinary from the Duke of Savoy made his publick Entry with a very magnificent Equipage into this City; being accompanied by most of the Imperial Ministers and Persons of chief Quality, and having with him a Train of above 30 Coaches, consisting of his own and those of foreign Ministers and others. Only the Ambassador of Venice forbore to send his Coach, because the Duke of Savoy styles himself King of Cyprus, which the Republick has always disputed. To Day his Excellency the said Marquis had publick Audience of the Emperor with the usual Ceremonies. The Pope's Nuncio continues at Neustad, not without Hopes the Difference between this Court and that of Rome will e'er long be amicably adjusted.

From the Amsterdam Gazette, dated October 16.

Vienna, Oct. 3. We have receiv'd Advice from Transilvania, that General Rabutin who is in Hermannstadt with 3000 Men holds out against the Malecontents still; so that we hope the Detachment General Glockelsberg is to lead thither, will arrive time enough to preserve that Principality in its Obedience to his Imperial Majesty. Letters from Buda tell us General Herbeville having by a Stratagem possess'd himself of Zolnok, an important Post on the Tibiscus, put the Malecontents found in it to the Sword; that he has since pass'd that River with his whole Army, and detach'd General Glockelsberg towards great Waradin, thence to march to Transilvania; and that on the said General's Approach the Inhabitants of the whole Territory of great Waradin have return'd to their Obedience to the Emperor. By the Order of Battle of the Imperial Army on the upper Rhine handed about here, it appears to consist of 105 Squadrons and 55 Battalions. The 1st of this Month being the Day on which King Charles III of Spain enter'd into his 21st Year, their Imperial Majestys receiv'd the Compliments of the whole Court on that occasion; and the Marquis del Vasto, his said Catholick Majesty's Ambassador, appear'd at Court to pay his Compliments that Day with a very splendid Equipage. 'Tis advis'd from Constanti-

nople, that the Grand Signior having discover'd a new Conspiracy, for advancing to the Throne Selim the Son of Sultan Mahomet IV. who is 18 Years old, caus'd several of the Conspirators to be seiz'd and some of them to be strangled and others beheaded.

From the Leiden Gazette, dated October 8.

Ratisbon, October 1. Some Letters from Vienna of the 26th of last Month, tell us the Ministers Mediators of England and Holland would not go to Hungary very suddenly for the following Reasons. 1. The Passports they have receiv'd from Prince Ragotski, are in too general Terms; no Place of Treaty being nominated in them. 2. The Heads of the Malecontents who were assembled at Serchny, are gone to rejoyne their Army, on Advice of the Motions of the Imperialists under General Herbeville. 3. The Imperial Court will see the Success of that General's Expedition, before they will enter into a Negotiation with the Malecontents.

Warsaw, Sept. 25. The 23d a Franciscan Friar having receiv'd from Rome a new Brief forbidding the Bishops of this Kingdom to crown King Stanislaus, immediately put it into the Hands of the Suffragan of Chelm, who carried it to King Stanislaus: Who having caus'd the Friar to be brought before him, ask'd him how he durst deliver such a Paper; the Friar answer'd that it was sent to him from Rome by the General of his Order, and that he could not do otherwise than obey his General's Command. Whereupon he was charg'd to return no more to his Convent, but forthwith to depart the City. And the King of Sweden has since forbid all Ecclesiastical Persons of this City, as well Secular as Regular, to deliver Copies of the said Brief to any Bishop, on Pain of Death. He has likewise forbid, under severe Penalties, our Fishermen or Watermen to bring over any Stranger hither from the other side of the Vistula.

From the Amsterdam Gazette, dated October 13.

Warsaw, Sept. 22. The Day of King Stanislaus's Coronation is not chang'd as was reported, but continues fix'd to the 4th of next Month; and necessary Preparations for that Ceremony are made, both in the Church of St. John Baptist and in the Castle. Monsieur Grudzinski, who was sent to dissolve the Court of Justice held at Lublin in the Name of King Augustus, is come back without having done anything, because the Persons that compos'd that Court had separated before his Arrival. Letters of the 24th from Tykoczin, where the Court of King Augustus now is, tell us they receiv'd the 20th by an Express the Confirmation of the taking of the Castle of Mitau, the Swedish Garrison of which were made Prisoners of War but were afterwards generously set at Liberty by the Czar, who also gave the Governour a noble Entertainment. In the Place were found 200 Cannon, and a large Magazine of Ammunition and Provisions. They add, that after the taking of this Place the Czar took his March towards Poland, and propos'd to arrive near Warsaw with his Army by the 15th of next Month. This News is confirm'd by Prince Alexander the Czar's chief Minister, who on the 20th was at Knyszyn, where he was visited and complimented by the Vice-Chancellor of the Kingdom, General Schulembourg, and the Marshal of the Court. The 21st that Prince was splendidly treated at Tykoczin; and the 22d he went from thence

thence to meet the Czar whom he hop'd to find at Grodno.

From the Amsterdam Courant, dated October 13.

Berlin, October 6. Letters from Dantzick inform us that the Czar of Muscovy is marching towards Warsaw with all Expedition, and in all probability will be able to reach thither by the 10th Instant. A printed Paper is publish'd at Warsaw, under the Title of a Declaration for the crowning of the illustrious King, subscrib'd by the Waywod of Vilna, the Castellan of Ancice, the Castellan of Junieladiflaus, the Marshal of the Congress, and 12 others of the Rank of Knights. This Paper among other pretended Reasons why this Coronation is to be perform'd at Warsaw and not at Cracow, says the Plague is rise in the latter.

From the Amsterdam Courant, dated October 10.

Hamburg, October 6. They write from Warsaw that the Crowns for King Stanislaus and his Wife are ready, and that the 4th Instant continued fix'd for the Day of Coronation. After the Coronation, the King of Sweden designs to march against the Muscovites. Order is sent to the Swedish General Reenschild, to march into Saxony as soon as soon as the Saxons shall pass the Oder to advance into Poland.

From the Leiden Gazette, dated October 15.

Mittau, September 29. The Castle of Bauske has surrendred to the Muscovites, after they had thrown about a Dozen Bombs into it. So that being now Masters of all Courland, they will streighten Riga, tho' the Troops that block'd it up are retir'd. The Czar has order'd 300 Men to garrison Libau, where they are to arrive to Day.

From the Amst. Gaz. and Cour. dated Oct. 13 & 17.

Dresden, Oct. 8. King Augustus having taken a Review of 6000 Foot at Moseau; of 18000 Men most Horse, at Soran; and of 10000 Men, among which are some Muscovite Troops, not far from Soran; return'd the 5th instant to Lieplick, accompanied by the Prince of Fustemberg. The Queen is expected at Leiplick from Torgau, as is also Prince Ferdinand of Courland, and several other great Persons. The Bishop of Ermeland continues under Confinement here: But some of the Prisoners taken by Monsieur Smigielski at Opatow, are carried to the Castle of Miesien; among them are 2 or 3 Starosts, and other Polish Noblemen.

From the Amsterdam Courant, dated October 13.

Basil, October 4. A Report is current here, that the Ducheys of Nemours is dead in France: If it be true we expect great Sars will soon be made by the several Pretenders to the Principality of Neuchatel.

From the Brussels Gazette, dated October 13.

Hamburg, Oct. 6. The 2d of this Month the Bishop of Lubeck died: The Prince Administrator of Holstein Gottorp receiving Advice of it the 4th, the Night following he order'd Detachments of the Garri- sons of Tonningen, Kiel, Sleswick and Ekerensforde to march to Eutin, to prevent the Danes. Accordingly the Regiment of Dobrokowski siez'd the Episcopal Palace, and Councillor Calissen has taken Possession of the Bishoprick in the Name of the Prince Administrator. Yesterday that Prince went from Gottorp to Kiel, in order to go from thence accompanied by the Barons Konigstein and Gorriz to Lubeck, where the Voices of the Chapter are divided; one half of the Cannons being for him, the other for the Prince of Denmark. Some Danish Troops are in Motion to dislodge the Holsteiners from Eutin, and 'tis reported some Swedish Troops are likewise marching from Stade. So that this Affair is like to breed Troubles in these Parts.
